AMENDMENTS TO THE CLAIMS

1.-36. (canceled)

- 37. (currently amended) A powered toothbrush comprising a handle, a cleaning head attached to said handle and having a first end adjacent the handle and a free end, a power source, a motor, a mechanical vibratory device which causes the cleaning head to vibrate, wherein said cleaning head includes a first cleaning/treating element adjacent the first end that is non-movable relative to the first end, a second cleaning/treating element adjacent the free end that is non-movable relative to the free end, and a plurality of third cleaning/treating elements disposed between the first and second cleaning/treating elements, wherein each of said plurality of third cleaning/treating elements extends from a support structure having at least a portion that is movable relative to the cleaning head, and wherein each of said plurality of third cleaning/treating elements is movable independent of any other third cleaning/treating element, wherein said second cleaning/treating element includes a tuft that follows at least a portion of a contour of the free end of the cleaning head.
- 38. (previously presented) The powered toothbrush according to claim 37, wherein the support structure enables angular movement of the third cleaning/treating elements relative to the cleaning head.
- 39. (previously presented) The powered toothbrush of claim 38, wherein the first and second cleaning/treating elements are bristle tufts.
- 40. (previously presented) The powered toothbrush of claim 39, wherein the plurality of third cleaning/treating elements disposed between the first and second cleaning/treating elements include bristle tufts.
- 41. (previously presented) The powered toothbrush of claim 40, wherein the motor is an electric motor.

10/768,363 Resp. to Office Action

- 42. (previously presented) The powered toothbrush of claim 41, wherein the power source is a battery.
- 43. (previously presented) The powered toothbrush of claim 42, wherein the cleaning head further comprises at least two cleaning/treating elements having different cross sections.
- 44. (canceled)
- 45. (currently amended) The powered toothbrush according to elaim 44claim 37, wherein at least one of said cleaning/treating elements extends further from the cleaning head than at least one other of said cleaning/treating elements.
